"SARPcheck" soll Alternative zu Iosa-Sicherheitsaudits werden

SARP hat mit "SARPcheck" einen neuen Industriestandard zur Bewertung der Flugsicherheit von Fluggesellschaften entwickelt. Damit soll der Newcomer eine Alternative zum bisherigen Iosa-Audit-System der Iata bieten.

Der neue Unternehmens "Safety Audit Review Partnership" (SARP) will einen neuen Industriestandard zur Bewertung der Flugsicherheit von Fluggesellschaften etablieren. Der teil-das Unternehmen mit "SARPcheck" soll das Angebot der International Air Transport Association (Iata) ergänzen, das bislang als Audit-Standard gilt.

MIEDZYNARODOWA GRUPA CHCE ROZWIJAĆ ODDZIAŁ W BYDGOSZCZY, BO WIDZI DUŻY LOTNICZY POTENCJAŁ

FOCUS1AUDITS

AEROTHRIVE provides the global aviation industry with a vast variety of standardized and customized audit solutions, including:

- SARPcheck certification audits (global market leader)
- IOSA gap analyses as subcontractors
- 1st party airline audits under EASA, FAA and more frameworks
- 2nd part audits for airlines assessing subcontractors
- Helicopter safety assessments
- SMS audits on ANS and ATC providers
- various customized audits following client specifications

FOCUS1AUDITS

Unlocking Extra Airline Revenues

SARPcheck: A global Airline Safety Audit Program elevating safety and unlocking revenues by enabling codeshares, wet leases.

Pragmatic, Hands-On, Focus: ICAO Essentials

SARPcheck focuses on about 650 ICAO SARPs aligning with the scope of what airlines in ICAO member states need to have in place for an AOC.

For Big and Small Airlines Of All Kinds

The scope of SARPcheck includes airlines above and below 5.7 ton MTOW fleets and even rotary ops, seaplanes and certain non-AOC ops.

And All Of That For EUR 0.- / USD 0.-?

We can help funding SARPcheck audits through insurer's safety bursary budget, resulting in a heavy subsidy or free certification.
